

Horse Handling

Sharjah Airport has impressive credentials when it comes to safe air transportation of horses.

- A dedicated ramp for horse handling with Astroturf flooring.
- Direct access to Airside (Police controlled) to minimize the horse exposure to the surrounding.
- On-site veterinary services.
- On prior arrangement with the concerned airport stakeholders, horses can be accompanied by their respective grooms who can supervise the loading and unloading, and is responsible for feeding the horses while on ground and during transport.
